

CylFresh™

Product Description & Application

CylFresh is an ink repellent cream designed to prevent ink build-up on impression cylinders or other metal parts of the press during printing.

Features & Benefits

- Good ink repellent property; to keep cylinder or other metal parts fresh during printing
- Durable Ink repellent protective layer; ideal for 'work and turn' job
- Suitable for folding equipment, transfer cylinders, metal rollers, feeding tables and other metal parts that can form an ink build-up; a universal solution
- Corrosion inhibited; safeguarding cylinders and other metal components
- Enables immediate 'work and turn'; reduces press idling time and achieves quick cleaning
- Prevents damages to printed side during fast turnaround; reduces paper wastage

Usage Instructions

- Apply using a clean, soft, lint-free cloth to treat metal surfaces
- Allow it to dry for 5 to 10 min
- Wipe the surface to remove dried ink and deposits from soiled surface
- Buff down the surface using soft cloth leaving a shiny fine layer
- Allow it to dry to ensure complete drying out and hardening of the surface coating
- For best results clean the surface with CylKleen before applying CylFresh
- Do not use solvents or other cleaning products after application of CylFresh as this will remove the applied coating

Storage, Handling & Packaging

- Storage & Handling : Protect from direct sunlight. Keep away from the sources of ignition. Store at moderate temperatures in a dry, well-ventilated area. Keep the containers tightly closed when not in use.
- Shelf-life : 12 months from the date of manufacture
- Packing : 250 gm tube
- Precautions : Avoid contact with eyes

Our Planet is our most vital resource. We must do all we can to preserve it. We at TechNova have embarked on a “Go Green” mission. Our objectives are :

- To promote Green awareness within TechNova, with our stakeholders and within the Indian printing industry.
- To develop, manufacture and supply eco-friendly Green products and services that have the least impact on the environment.
- To comply with, and go beyond, all applicable legal requirements with regard to the environment, and help our customers achieve the same.

To assist the printing industry to “Go Green”, TechNova has introduced a bouquet of Green products :

- Chem-free Digital Plates
- Process-free Inkjet CtP Solutions
- Alcohol-free & Alcohol-reducing Founts
- Aromatic-free Press Washes
- VOC-free Cleaners & Deglazers

All Product Information Capsules for TechNova’s Green products carry the “Go Green” symbol.

Corporate Profile

- Since inception in 1971, TechNova has introduced several new breakthrough technologies.
- Recognised as one of the world’s leading manufacturers of imaging products.
- Markets products to over 51 countries through its overseas offices and distribution network.
- Serves various industries such as print & publishing, packaging, textiles, engineering, signage, advertising, geology, photography, business graphics and medical diagnostics.

Product Portfolio

- Thermal CtP Systems
- Violet CtP Systems
- Inkjet CtP Systems
- Digital & Analog Plates
- Flexo Plates
- Graphic Art Films
- Graphic Chemistry
- Diazo Chemistry
- Offset Printing Blankets
- Inkjet & Laser Media
- Diazo Media
- Screen Print Solutions

Highlights

- India’s only and world’s 4th largest manufacturer of digital printing plates.
- Long term technical collaboration with Agfa Graphics.
- Only company outside of North America, Europe and Japan to receive the coveted GATF InterTech Technology Award.
- Recipient of the Davos-based World Economic Forum’s “Top-performing, Global Growth Company Award” in 1997 and “Technology Pioneer Award” in 2000.
